

Plein Air Paint With Cheryl St. John

Let's PAINT on Friday, May 10, 2024 – to help put an end to Alzheimer's and all other dementia!

Let's get outside and paint on the Friday before Mother's Day to honor and remember our Mothers, Grandmothers, Sisters and Aunts – because 2/3 of people living with Alzheimer's are women and 2/3 of caregivers are women.

Join my team for The Longest Day and we will raise funds and awareness through our painting, and have a terrific day while doing it!

Let others know what we're doing and why. They may want to join you or make a donation in support the cause.

Paint with me or in your favorite location on May 10th or a May day that's convenient for you.

Choose to include your painting in our online auction fundraiser and/or in our gallery installation for the month of June at Lakewood Arts Gallery.

**Join the team via QR code or link,
then plan let's paint!!**
